

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each international industry. Transporting industrial goods happens every day on our hectic planet. Primarily innovated as industrial vehicles in the 1930s in America, forklifts gained popularity following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread globally.

Initially started as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation with the business. TCM started building lift truck manufacturing sites outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes several models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products used and recognized all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
