

Electrical Parts for Forklifts

Electrical Parts for Forklifts - Lift trucks and different forklifts could have specific labels used in some hazardous locations. The mark indicates that this certain model of forklift meets the minimum standards of ANSI/UL 553 utilized for electric forklifts or ANSI/UL 558 meant for internal combustion engine lift trucks.

The application for labels used for lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Consult your local insurance carrier and Fire Marshall for more information concerning the approved uses of industrial powered trucks in your application.

If the forklift has been found to satisfy the outlined standards, the following labels could be put. A labeled truck will have the type designation placed on the lift truck nameplate and would have one of the following labels put.
